### Wilson Automotive Sells One Millionth Vehicle

(ORANGE, CA) – On March 11, 2017, Wilson Automotive celebrated a huge milestone: selling its one millionth automobile. To celebrate the company donated a fully accessorized Toyota Tundra to Orangewood Children's Foundation. The vehicle was auctioned off at the Orangewood/Athletes First event on Saturday night, March 11, at Monarch Bay Resort where David Wilson, Owner of Wilson Automotive, and his wife Holly received the **Golden Heart Award**.

Jim Kelly, NFL Hall of Fame quarterback, also a **Golden Heart Award** recipient, donated Hall of Fame memorabilia as additional "accessories." The truck and items together sold for \$55,000, helping Orangewood have a record-breaking year at this event. In turn, Wilson personally donated \$10,000 to Kelly's charity, Hunter's Hope, established in memory of Kelly's son who died of Krabbe disease at the age of 8.

Just over two years ago, August 15, 2014, Wilson became the first dealer in history to sell 500,000 Toyota/Lexus vehicles. Like the one-millionth vehicle, Wilson also donated that car, a Prius, to charity.

Wilson's first dealership was Toyota of Orange, which he purchased in 1985. Today the organization is comprised of 19 successful dealerships throughout southern California, Arizona, Nevada and Puerto Vallarta, Mexico. The company employs more than 2,000 dedicated associates and generates nearly \$2.5 billion in revenue annually. The one million vehicles represented by this milestone have been sold by all the Wilson dealerships and represent seven manufacturers: Toyota, Lexus, Honda, Acura, Ford, Mazda and Volkswagen.

Based on calculations, having sold one million cars indicates that a Wilson Automotive dealership has sold a new or used vehicle every 16 minutes for the past 30 years. Wilson Automotive consistently emphasizes customer loyalty and retention and has dedicated itself to community involvement. This one millionth vehicle symbolizes their continued success within the automobile industry.
